

South Hill Nursery

Our South Hill Nursery opened in 1995, its setting can be found nestled in the heart of Guildford town, its location is perfect for parents living and working in Guildford town centre.

The South Hill Nursery is a Victorian building which dates back to 1858, formally the first Primary School in Guildford. This historic locally listed building has been carefully and beautifully converted to meet the needs of the children, whilst retaining its character features.

South Hill is a 43 place setting and has three fully equipped rooms: 0-2's room, 2-3's room and a Preschool for the 3-5's. We also have a separate cot room

and two gardens one for the under two's and a larger garden for the over two's which has an outdoor classroom in.
